

RETROPLATE

Concrete Polishing System

Environmental Bldg. News and GreenSpec® Name **RetroPlate™** a 2006 Top-10 Green Building Product
RetroPlate™ Concrete Polishing System - turning new and old concrete into beautiful, finished floors.

As mentioned in *Environmental Building News* – February, 2006:

- 🌱 LEED Credit Relevance: MR Credit 1 – Building Reuse
- 🌱 Reduces impact from construction and demolition
- 🌱 Alternative to hazardous component - no VOCs / Releases minimal pollutants
- 🌱 Exceptional durability and low-maintenance / Reduces heating and cooling loads
- 🌱 High reflectivity can reduce light level requirements by 30%

Used on more than 100 million square feet, **RetroPlate™** is your “GREEN” flooring solution!
